

Project Completion Report

Project Title: House and Living Essentials Support for the Malate Family

Beneficiaries: Malate Family

Location: Navotas, Metro Manila

Project Cost: ₱57,306.00 (Approximately \$1,041.93 USD)

Project Summary:

The House and Living Essentials Support project aimed to improve the living conditions of the Malate family, who were identified as one of the poorest families in the Navotas community. The project focused on repairing the family's damaged roof and bedroom floor, providing basic sleep essentials, and supplying a monthly rice allowance to address their immediate needs.

Key Accomplishments:

Successful House Repairs

The project successfully repaired the family's damaged roof and uneven bedroom floor, providing them with a safe, comfortable, and dry living space. This has significantly improved their quality of sleep and overall well-being.

Provision of Sleep Essentials

The family received basic sleep essentials, such as mattresses, pillows, and blankets, ensuring a comfortable and restful sleep for all members.

Monthly Rice Allowance

The project provided a monthly rice allowance, ensuring the family had access to a staple food source and reducing their financial burden.

Overall Impact:

The House and Living Essentials Support project has had a transformative impact on the Malate family. The improved living conditions have significantly enhanced their quality of life, allowing them to focus on their education and future aspirations. The monthly rice allowance has reduced their financial burden and provided them with much-needed food security.

Future Recommendations:

- **Long-Term Support:** Continue to monitor the family's progress and provide ongoing support as needed, such as educational assistance, healthcare services, or vocational training.
- **Community Outreach:** Expand the reach of the project to identify and assist other families in the community facing similar challenges.
- **Resource Mobilization:** Explore additional funding sources and partnerships to sustain and expand the project's impact.

**Thank you, Pure
Bayanihan!**
